1.2.37
a Lesson in the University of The New Covenant
Theodore Cottingham, March 11, 2004

1. I am younger-izing My body, I am renewing the youth of My body, those who will come and sit at the flow of My fountain—My fountain, My fountain of life, My fountain of youth, My fountain of Me that is the source of all life, all youth, all strength, all creativity, all purity, holiness and righteousness, Me, One.

2. I love you and I bless you for what you are doing today and what you have been doing and what you are about to do; and forwarding forth the generals and admirals and captains and lieutenants, pilots and steersmen of Me going forth with renewed strength and vigor and vitality, enthusi-ized, energized and invigorated by the power of My presence.

3. Those I am speaking of are the ones who have decided their life is in Me, their future is in Me, their eternity is in Me, and their value system is in My value system. They are the ones who came, come, and will come and will consistently come as a lifestyle and sit at My feet and listen to Me, listen to My words, and gaze into My face and My truths, even when I am silent, and when I speak: write.

4. They will write, they will write, Ted, they will write as you have written and they will write more and they will write prolifically because My body is being called to write—called to document Me, called to spread My Word and in so doing, they will flourish, they will flourish, they will flourish and rise up with wings as eagles and see things, places, people, opportunities that they have not had eyes to see before.

5. But it's in My Spirit. It's in My Spirit and it's by My Spirit and by the power of My Spirit that these things happen. It's by the power of My Spirit that these things occur. It's by the power of My Spirit that eyes are opened to see opportunities and ways to produce productivity that enable people to enjoy commerce where everyone is provided for.

6. These transactions are not one-way transactions, they are two-way. They are not monolithic and they are not on one plane, they are multiplaner and they are of Me. And the more My Body comes close to Me, the more they will realize how completely complex not I am, but simple I am; in the simplicity of the truth accompanied by the understanding and wisdom and knowledge of how I piece together everything that I hold together with the Word of My Mouth.

7. I love you and I bless you this day. (laughter) You will have a great day! It's a great day, it’s a great time, it's a great week in season for you, Ted, for your family and

for My body. I am raising you up to raise up My body and you will have so much fun and joy.

8. And every tear that you shed for Me in those times of loneliness and sorrow and abandonment-felt; every tear, every cry to My heart, every cry to My throne, every effort at coming into My Kingdom, you will be rewarded for so richly. And you will take and convey the power of My Holy Spirit to multitudes who will take the power of My Holy Spirit to multitudes who will take the power of My Holy Spirit to multitudes.

9. I love you and I bless you this day. See My sunshine, see My Sonshine. See and feel My Sonshine and My hand upon you and My hand coming mightily upon My body—those who really want Me, those who are serious about Me, those who will abandon self-consciousness to allow Me to speak to them and write My words and stand up with the help of your hand and others.

10. Stand up. Stand up. Stand up confidently, confidenced, knowing that significance comes from My throne, from identifying with Me, from My heart's impartation into their heart. I love you and I bless you.

11. Great friendships, great alliances, agreements, arrangements, creative opportunities to display Me. You haven't seen anything yet like what's coming forth from My hand.

12. Enjoy Me and tell all this is the day of great opportunity. This is the day of dialog. This is the dispensation of joy and laughter for those who are serious about Me, and the day of great sorrow for those who reject Me. Great opportunity, great opportunity, Ted, reader, listener, hearer, studier, ponderer, meditater on these words. Great joy and laughter, great truth for you herein.

13. Come. Come to the fountain, you, yourself. Come to Me the source of life and I will be happy, delighted, thrilled, exalted that you come to Me and seek Me for My Words to you directly. I want to embolden you, empower you, release you, freedomize you in all the power that My freedom enjoys. My freedom is Me. The more you operate in freedom, the more you operate in Me. The more you truly operate in Me and inside Me, the more freedom you will have because you will know My values and you will not be bound by the patterns of thinking of man.

14. Now open to Me this day with joy and laughter, with peace, peace, peace and know that I am God and that I am calling your name. I am calling your new name and I am opening your door wide open for you to do what I have placed in your heart that is of Me. Labor not in the vineyard for that which perisheth, but labor for the rest, the setting of the priorities and walking out of actions and behavior that truly bring you life, breath, the oxygen you need—the peace of your heart.

15. I love you and I bless you this day. All commerce is yours, education is yours, the miraculous is yours. I love you and I bless you and I bless My body and I bless everyone who will partake of Me and what I have said and what I am doing.

The fullness of time, the fullness of time; Now is My fullness, and everyone who will partake, come.

I joy, I laugh, I smile, I kick My heels, as it were. Enjoy Me. Have a great day.
I love you.
